

One (1)
Boom Microphone
Adapter

PURPOSE

Replaces one of the mounting posts on the EXFIL® Peltor™ Quick Release Adapters or the EXFIL® Peltor™ Headset Adapters to allow installation of a boom microphone for use with communication headsets.

EXFIL® PELTOR™ BOOM MIC ADAPTER

INSTALLATION INSTRUCTIONS

INSTALLATION

STEP 1

Select which mounting post will be replaced by the boom mic adapter post. Rotate the post 90 degrees and firmly pull it off the metal wire (figure 1).

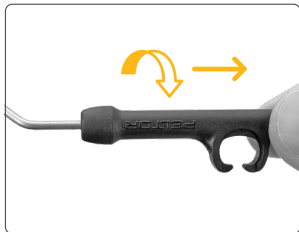

FIG 1

STEP 2

Press the boom mic adapter mounting post onto the wire. The post must be rotated 90 degrees from its final position.

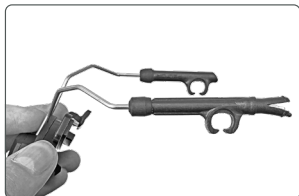

EXFIL® Peltor™ Headset Adapter

FIG 2A

STEP 3

Rotate the post 90 degrees to its final position, matching the orientation of the other mounting posts (figures 2A and 2B).

EXFIL® Peltor™ Quick Release Adapter
