

EXFIL[®] PELTOR[™] HEADSET ADAPTERS

Allows for tool-free attachment of all Peltor[™] ComTac[™] systems onto the EXFIL[®] Rail 2.0, eliminating the rigid metal headband for better fit and comfort.

- Work with all Peltor[™] ComTac[™] systems
- Open and closed positions allow quick donning and doffing of helmet
- Wiring is easily routed inside or outside the helmet shell

ATTACHMENT

- Two thumbscrews attach to the upper T-slot on the EXFIL[®] Rail 2.0
- Replacement hardware is available and sold separately

COMPATIBILITY

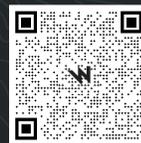

Compatible with the following helmets utilizing the EXFIL[®] Rail 2.0:

- EXFIL[®] Ballistic
- EXFIL[®] Carbon
- EXFIL[®] LTP

WEIGHT

- 110 g (0.24 lbs)
